

Our Global Distribution Partner's Importance to us

Imagine making commission on referrals with the help of a tech-first programme. A programme that not only links your customers to relevant deals and content but gives you the tools to make your commission. We are talking about the Meridian Adventure Dive Affiliate Programme.

WHAT IS THE AFFILIATE PROGRAMME?

A simple, easy-to-use web page template has been developed for Dive Companies to advertise travel packages to the resort.

Your customers stay on your domain while they 'Book Now', meaning:

- You can keep and extend your loyal customer base
- At no cost to you and no need for large group bookings
- We bundle the bookings to give clients the best value
- You earn with the Free Independent Traveller

Most of all – it genuinely is risk free. We are dedicated to supporting the dive distribution chain and WANT you to make your commission.

A Word From The Marketing Team

Team Member: Adri Salaka

We have great news about the Indonesia travel protocol. As of 18th May 2022, for all the travelers who have completed full vaccination doses, there will be no quarantine and PCR test required upon arrival. In addition, the Visa on Arrival is fully implemented at all international airports in Indonesia.

At Meridian Adventure Dive, we pride ourselves on offering a "once-in-a-lifetime diving experience" in our remote part of paradise, diving the world's richest reefs and cruising through the 100's uninhabited islands exploring the raw natural beauty this area has to offer.

We continue to support celebrating Padi Women's Dive Day on 16th July 2022, a day that has grown to be one of the largest single-day diving events on the planet. Our female dive team at Meridian is encouraging all female divers to join us for events of celebration.

We strive to be an operation that actively works to maintain Raja Ampat's ecosystem and create diving experiences for our guests, including excellent facilities, excellent people, and excellent food.

A Word From Our General Manager

General Manager: Krishna Vermeulen

The good news announced this month of May by the Indonesian President is that masks are no longer required outdoors and the removal of Covid 19 testing requirement for fully vaccinated overseas travelers as the pandemic is getting more and more controlled in Indonesia.

So here in Raja Ampat, we are excited to see the increasing number of travelers coming to visit. We look forward to welcoming international guests to come and enjoy the best diving experience in the world and the domestic diving community and share a once-in-a-lifetime experience.

MAD TEAM

Krishna Vermeulen is excited to welcome all travellers to Raja Ampat.

The Raja Ampat Creature Feature: Green Bumphead parrotfish

Scuba Diver Magazine Australia & New Zealand

As the largest Parrotfish species, they can grow up to a length of 1.5m and weigh up to 75kg with distinctive dark green scales that cover most of the body. But the most distinctive characteristic of the species is the large bumps found on the fish's forehead.

We believe in Diving to Make a Difference

Scuba Diver Magazine Australia & New Zealand

Raja Ampat is drawing a different kind of diver who invests in diving to make a difference. These divers are serious about researching the type of dive operators and resorts they book – realising that everyone plays an integral role in safeguarding the ocean and the intricate communities surrounding it.

Local Raja Ampat Attraction Pearl Farms – The South Sea Pearls

Scuba Diver Mag UK

The area's incredibly nutrient-rich waters are the perfect environment for the cultivation of the South Sea Pearl (Pinctada maxima oyster). While pearl-bearing oysters could be found naturally in the wild, they are more often artificially cultivated in sustainable and environmentally friendly farms.

Raja Ampat Paddle Boarding Experience

MAD MONTHLY

We do our part every day

Jo's Corner

With the increase in scuba divers rushing to experience Raja Ampat, we are delighted to show case the best reefs in the area.

With daily dives on the most popular dive sites and some newly discovered reefs – we are ecstatic to be out and about diving among the archipelago.

This month's feature is all about the sharks. As we know Raja Ampat has 2 seasons: Manta Ray season and Sharks season. As the Mantas has migrated south, we are enjoying reef sharks, the black-tip and white-tip in groups on almost all the dives.
